# UPPAbaby VISTA 2015

# VISTA<sup>2015</sup>

## One for all.

Love. Marriage. Baby carriage. Life moves fast. However, first-time expectant parents are about to experience new shifts in speed. Grocery runs become a crawl. Dirty diapers are reason to sprint. While second (and third) time parents have more realistic expectations, the VISTA keeps them all moving forward no matter what life throws their way. The VISTA's intuitive design allows for multiple configurations, making transporting a second and third child a breeze. Life moves pretty fast. We say you've just got to roll with it.

### Included Bassinet

*Suitable from birth up to 20 lbs and 25" long.*  
Our Bassinet turns your VISTA into a baby buggy. With just one hand, you can detach the bassinet and carry your sleeping infant anywhere. Need a nighttime sleeping solution? The Bassinet has been tested and approved for overnight sleeping.

### Smooth strolling no matter how many passengers

The VISTA's thoughtful design delivers an unparalleled ride as a single and one that is never compromised whether you expand to accommodate two or even three children.

### + RumbleSeat

*Suitable for up to 35 lbs.*

Our newly designed RumbleSeat can go forward facing, rear facing and recline – it's the multitasking stroller seat you have only dreamed of. While one child is enjoying a snack, the other can be enjoying a catnap. Your family has multiple needs, and your VISTA stroller has the flexibility and comfort to take them on the road in style – all while strolling like a single.

### Adjustable canopy & handlebar

Easy slide canopy is height-adjustable to accommodate growing children. Our adjustable handlebar makes it comfortable for drivers of varying heights to stroll with baby.

### Full-size front and rear facing Toddler Seat

*Suitable up to 50 lbs.*

Our included Toddler Seat is built to match your child's developing size and curiosity. Your toddler can ride forwards, backwards, completely upright, fully reclined and anywhere in between so your adventurous toddler doesn't miss a thing.

### All-weather protection

Our pull out sunshade, on both Bassinet and Toddler Seat, extends to shield your child from harmful UV rays, allowing you and baby to stay outside and safely enjoy the sunshine. Included Toddler Seat rain and bug shields protect your child from whatever Mother Nature throws your way.

### One-handed recline

This 180-degree recline allows your child to lie comfortably for naps or sit upright to take in the sights, offering the flexibility your busy toddler needs.

### X-large easy-access basket

*Approved up to 30 lbs. (In a baby's world, that's a lot of stuff)*

When you feel like you need to take everything but the kitchen sink, our XL easy-access basket quickly becomes your favorite feature. The large opening means it's easier to reach diaper bag, toys and whatever else you pick up along the way.

### Updated frame design

*True weight (includes canopy, basket, and wheels): 27.5 lbs.*

Combines Aluminum with Magnesium for optimal lightweight, durable performance. Our new VISTA one-step fold, similar to the CRUZ fold, is super easy and intuitive. The stroller can be folded with or without the seat attached, saving time for other things like cleaning up spilt milk and fixing hair bows.

### Aerated Bassinet mattress

The perforated mattress pad and vented base allow for added breathability creating a truly comfortable and safe resting space for your baby. Zip-out liner and boot cover are easy to remove and super easy to clean!

### Ventilated canopy

The back of the bassinet canopy unzips and opens for additional airflow, keeping baby cool and comfortable.

### + MESA Infant Car Seat

The VISTA stroller paired with the MESA Infant Car Seat delivers a Performance Travel System that is the ultimate in portability and safety. No need to sacrifice performance for convenience.
